

Karen Taylor-Good

“How Many Women”

Kudos For Karen

“I have never thought of Karen as merely a singer/songwriter, but as a truly gifted poet who happens to put her words to gorgeous, intriguing melodies and sings them better than anyone ever could. She is also my friend — my musical soul mate. It was such a long desired thrill for me to blend my voice with hers on one of her amazing songs.”

— **Collin Raye**, Multi-platinum recording artist

“Karen’s songs are like letters. Some funny, some sad, some profound, some silly — all real! And her voice! Crystal clear and perfect. And her heart! Wait till you get a load of her heart.”
